

Diamond Farm Homes Corporation

Approved Williamsburg

Colors for Exterior Paint

Appendix B: Revised August 2017

As stated in the Architectural Control Committee Guidelines, the [Benjamin Moore Williamsburg® Paint Color Collection](#) colors are approved for use on Diamond Farm household exterior trim elements. In accordance with the Covenants, an Architectural Request Form (ARF) must be submitted and approved by the Architectural Control Committee (ACC) before proceeding with any work, even if there are no changes in color or style. A written response will be returned to the homeowner within 30 days of the receipt of the request form.

For historical reference, below are the colors that Diamond Farm was painted when the neighborhood was built, along with the current Benjamin Moore color codes. Note, these are only a subset of the 144 colors now included in the Williamsburg® Color Collection. For clarification, any of the Williamsburg® colors can be used, subject to ACC approval.
